DEPARTMENT
Superintendent

December 3, 2024

Dear Monroe Friends,

The Monroe Public School District has established a new relationship with a non-profit community service program called Music4Life. For the past seventeen years, this wonderful, non-profit organization has been providing donated and repaired musical instruments at no charge for use by public school students of families in need. Music4Life has been ensuring that family income is not a barrier to music education by assuring that every student who wants to pursue instrumental music can do so.

I encourage all those who have a lovingly used trumpet, clarinet, violin, flute, or other musical instrument to put it back into play by donating it to Music4Life. The donor form is available at Music4Life.org. Financial contributions to fund the repair of these musical instruments are welcome, too.

Sincerely,

A handwritten signature in black ink that reads "Shawn Woodward". The signature is fluid and cursive, with the first name being more prominent.

Shawn Woodward
Superintendent
